

FOR IMMEDIATE RELEASE

***A Night at the State Library* presents:**

Art and Architecture of the Golden Gate Bridge – An Insider’s View

Wednesday, September 14, 2016, 6 - 7 p.m.

Sacramento – Architect and photographer Bob David will be in Sacramento on September 14, 2016 to give a talk on the history, art and architecture of San Francisco’s most famous landmark, the Golden Gate Bridge. The event takes place at the Stanley Mosk Library and Courts Building in downtown Sacramento and is part of the State Library’s evening lecture series, *A Night at the State Library*.

Few people know the bridge and its history as well as David. As the design director of the Golden Gate Bridge Highway and Transportation District for 30 years, he photographed several design projects on the bridge, including a redecking project in the 1980s and the ongoing seismic retrofit.

David captured over 20,000 images of the bridge; many were taken using a large-format camera. He will share some of his breathtaking photos and talk about the bridge’s history and its architecture.

The event is from 6-7 pm, and is free but an RSVP is required through [Eventbrite](#).

The Stanley Mosk Library and Courts Building is located at 914 Capitol Mall, Sacramento. For more information, contact Kimberly Brown at 916-651-6466 or Kimberly.brown@library.ca.gov.

A Night at the California State Library continues the 166-year tradition of successfully connecting Californians to our collective history through its special events and is made possible by generous donations from the California State Library Foundation.
