

**2009-11 LSTA – Out-of-School-Time (OST) Online Homework Help**

This project enables libraries in the state to provide students with the homework assistance they need after school and on weekends via subscription online homework help links on the Internet. This program uses a cost-sharing model that encourages libraries to continue the service beyond grant funding, while reaching out to libraries that have not been able to participate in the past due to limited grant funds.
